

# THANK YOU USA Gymnastics

*for raising  
over \$1 Million  
since 2001!*

## The Impact of USA Gymnastics Support

Since 2001, USA Gymnastics and its member clubs have contributed more than \$1 Million for Children's Miracle Network. These funds are used by each Children's Miracle Network hospital to best serve the children in their local communities. All in all, these funds touch the lives of 17 Million children each year. To demonstrate the need for continued funding, in children's hospital terms, here are some examples of what your support can provide.

### 15 REPAIRED HEARTS

Repairing a heart valve in a child averages **\$65,000**

### 63 BRAIN MRIs

An MRI of the brain and brainstem to find tumors and other abnormalities costs **\$16,000**

### 4 BONE MARROW TRANSPLANTS

A bone marrow transplant to treat sickle cell anemia or leukemia averages **\$223,000**

### 13 LIVES WITHOUT CANCER

The average treatment for a child with cancer costs **\$75,000**

### 24 NICU BEDS

These state of the art beds cost **\$41,000**  
A well-equipped neonatal intensive care unit needs 15-20 beds.
